## BOOK SYNOPSIS

Operation Protective Edge, Israel's most recent assault on Gaza, left thousands of Palestinians dead and cleared the way for another Israeli land grab. The need to stand in solidarity with Palestinians has never been greater. Ilan Pappé and Noam Chomsky, two leading voices in the struggle to liberate Palestine, discuss the road ahead for Palestinians and how the international community can pressure Israel to end its human rights abuses against the people of Palestine. *On Palestine* is the sequel to their acclaimed book *Gaza in Crisis*. Noam Chomsky is widely regarded to be one of the foremost critics of US foreign policy in the world.
